

JOHN EHIABHI OBOZE

Data Analytics Team Lead | Data Operations Analyst | Turning Data into Actionable Insights

EMAIL: obozejohn@gmail.com | PHONE: +234 706 202 2778 | LOCATION: Lagos, Nigeria | LINKEDIN: [linkedin.com/in/ehiabhi-john-oboze-59189a123](https://www.linkedin.com/in/ehiabhi-john-oboze-59189a123)

PROFESSIONAL SUMMARY

Results-driven Data Analytics Team Lead with 8+ years of progressive experience spanning data analysis, business intelligence, customer data governance, and telecommunications compliance. Skilled at transforming complex, high-volume datasets into clear strategic insights that drive operational efficiency and regulatory adherence. Proven leader with a track record of building high-performing teams, designing executive-grade dashboards, and streamlining customer acquisition workflows. Currently seconded to MTN Nigeria via Avetium Consults, where data-led decisions have directly improved SIM registration accuracy by 25% and lifted team SLA performance from 35% to 83%.

CORE COMPETENCIES

Power BI & Data Visualization	Advanced Excel (Pivot / PQ)	Data Quality & Governance	Customer Data Analytics
KPI Dashboard Design	Data Cleaning & Modelling	SQL & Data Querying	Team Leadership & Coaching
SIM Registration Compliance	Business Intelligence (BI)	Process Improvement	Stakeholder Reporting

PROFESSIONAL EXPERIENCE

Data Analytics Team Lead

Avetium Consults — Seconded to MTN Nigeria | Ikeja, Lagos

Sept 2023 – Present

- Lead a team of analysts executing high-volume customer data validation and SIM registration compliance, ensuring zero-tolerance data quality standards.
- Design and maintain executive KPI dashboards in Power BI that provide real-time performance visibility to senior stakeholders and regional management.
- Spearhead compliance audits across 50+ team members, delivering targeted training on NCC regulations and MTN internal data governance policies.
- Collaborate with cross-functional units to streamline customer acquisition workflows, measurably reducing SIM registration turnaround time.
- Implemented a quality control framework that improved SIM registration data accuracy by 25%, reducing rejected records and escalation rates.
- Developed standardized reporting templates and agent productivity dashboards, enabling data-driven performance management across the regional team.
- Manage and process monthly payroll reports for the team with precision, ensuring full compliance and on-time delivery.
- Mentor analysts and registration officers through regular coaching sessions, performance evaluations, and targeted development plans.

- Coordinate onboarding of new SIM registration agents, conducting field activity monitoring for accuracy and adherence to operational standards.

Customer Data Analyst — SIM Registration (Eyeballing Unit)

Aug 2018 – Sept 2023

Mactay Consulting — Seconded to MTN Nigeria | Ikeja, Lagos

- Reviewed and verified customer identity documentation for SIM card registration, maintaining strict compliance with NCC regulatory standards.
- Analyzed and validated customer database entries using CLM and DCLM (Customer Lifecycle Management) software platforms.
- Identified and resolved duplicate, inconsistent, and potentially fraudulent customer records, escalating risk cases to the compliance unit.
- Played a key role in reducing rejected SIM registration data through real-time data correction and actionable feedback to field agents.
- Contributed to internal compliance reporting, maintaining accurate audit-ready records of identity verification outcomes.
- Analyzed customer acquisition trends and data irregularities, providing insights that improved onboarding process outcomes.
- Trained new hires in MTN SIM registration standards, achieving measurable improvements in accuracy within the first 30 days of deployment.

Sales Analyst

May 2016 – June 2018

TNS RMS Nigeria Limited | Ojodu, Lagos

- Analyzed sales performance data to identify trends, revenue growth opportunities, and underperforming product segments.
- Produced daily, weekly, and monthly sales performance reports for management, supporting informed business planning and forecasting.
- Built interactive dashboards in Excel and Power BI to track KPIs, sales targets, and team productivity metrics in real time.
- Conducted customer behavior analysis and retention tracking, recommending actionable improvement strategies to the sales and marketing teams.
- Maintained rigorous data accuracy standards across all reporting deliverables, ensuring quality and integrity of management information.

NATIONAL SERVICE (NYSC)

Mathematics Teacher

May 2015 – April 2016

Gboko High School, Gboko, Benue State

- Delivered Mathematics instruction to secondary school students, improving academic performance through structured lesson planning and targeted assessments.
- Monitored student progress, provided regular feedback, and participated actively in school community initiatives.

KEY ACHIEVEMENTS

- Elevated team SLA achievement from 35% to 83%, driving a 15% uplift in customer satisfaction scores through structured performance management.
- Built a Power BI performance dashboard that identified consistently high-performing agents, increasing overall team productivity by 20%.
- Implemented a SIM data quality control system that reduced registration data inaccuracies by 25%, minimizing regulatory risk for MTN Nigeria.
- Delivered customer data analysis that contributed directly to a 10% improvement in customer retention rates at MTN Nigeria.

- Consistently achieved 95%+ customer satisfaction rating over three consecutive years, exceeding service delivery benchmarks.
- Designed a team training programme that improved issue resolution efficiency by 15% and reduced average handling time across the unit.
